Dear Parents,

The KES Girls Division will be running an exciting summer review program in order to encourage continued *Tefilla*, Learning and *Chesed* throughout the summer. Every day that your daughter davens, does an act of *chesed* or completes/reviews some of her Summer Review packet from her *Morah*, you can initial in the appropriate box on the attached chart. When she returns to school, she will be able to earn a prize based on how many points she earned. Each signature is worth two points. By utilizing this program, your child will have a more meaningful summer *IY"H*, with minimum effort, retain the wealth of knowledge and skills they have acquired this year.

Incentives to encourage the children to participate are in place.

- Students who earn between 150-248 points will be able to choose a squishy ball or a pop it fidget.
- Students who earn between 250-348 points will be able to choose an art set from Paint Miami or an ice cream gift card.
- Students who complete the majority or all of the summer review packet and have earned at least 350 points will be invited to an in-school celebration!

Please avail yourself of this golden opportunity. The enhancement to your child's future learning through this program is inestimable.

Have a wonderful and productive summer!

With all best wishes,

על המתנה

Dear Parents,

Thank you for the privilege of teaching your daughter for the past 10 months and for your partnership in helping her grow. It's wonderful to see how much she's accomplished!

I hope she (and you) will get some well-deserved rest and relaxation over the summer. Adding just a small bit of review every day can go a long way.

Even just 10 minutes per day- 5 minutes reviewing flashcards and 5 minutes practicing kriaH - can make a difference in how prepared she is to enter 5th grade.

The school offers prizes for children who put in this effort. But the real prize will be the confidence she can have walking into next school year!

Have a great summer,  
Mrs. Friedland

## Summer Review Instructions

### **Chumash skills/vocabulary:**

1. For the first 5 days go through one row (3 boxes/30 words) of the flashcard sheets. Cover the english and test your daughter. Check off any word she knows immediately, if it's so-so leave it unchecked.
2. For the remaining days she can work on the words she doesn't know using one of these methods:
  - a. Make and review classic flashcards (I recommend working on 7 at a time, until those are mastered).
  - b. She can use the blank "Do Now" template to practice the words using different modalities, like we did during the year (template to print accessible here: <https://bit.ly/DNtemplate>)
  - c. She can play one of the wordwall.net games I created using the words by visiting these URLs:  
Page 1 - <https://wordwall.net/resource/74100293>  
Page 2 - <https://wordwall.net/resource/74100473>  
Page 3 - <https://wordwall.net/resource/74101976>
3. I recommend picking a set day every other week (for example every other Thursday) to test the words she worked on thus far. This way she can check them off, see her progress, and feel accomplished.

### **Kriah:**

To make Kriah more meaningful I recommend using Shacharis davening. It will have some parts she is already familiar with, which will be easier and something to look forward to, and reading the other parts will give her a preview of things she will be saying soon.

Set a timer for 5 minutes and practice reading. When the timer is done, finish the line you're on and mark your place.
